1 October 2025

FROM THE DESK OF THE PRINCIPAL

Dear Parents / Guardians,

Our graduating cohort has recently completed the Primary School Leaving Examination (PSLE), and on behalf of the school staff, I would like to extend our best wishes to them. Throughout their PSLE journey, our students have demonstrated resilience, discipline, and commitment to their learning. We are confident that they will do themselves and the school proud.

As we enter the final lap of the academic year, our Primary 1 to Primary 5 students will soon be taking their year-end assessments. While our teachers continue to provide the necessary guidance and support in school, we encourage parents to complement these efforts at home by offering your children the support, encouragement, and conducive environment they need to do their best.

We hope our students will approach this final term with a positive mindset, embracing every opportunity for learning and growth. With continued collaboration between home and school, we believe our students will be well-positioned to achieve their goals.

We are also pleased to share with you an overview of upcoming events and activities for the term. Let us continue to work hand in hand to support our students in their educational journey.
